

A diagram of a nucleus represented by a large dashed circle. Inside the circle, two black dots represent protons. The dot on the left is labeled "Kjarni" and the dot on the right is labeled "Rafeind". A horizontal curly brace connects the two dots, with the text $5.29 \cdot 10^{-11} \text{m}$ centered below it.

Kjarni

Rafeind

$$5.29 \cdot 10^{-11} \text{m}$$
